Introductory workshop on security and safety in educational Institutions

The Deanship of Student Affairs - Abu Dhabi Campus - in cooperation with the Administrative Unit and the Zayed Voluntary Team for Search and Rescue, organized an introductory workshop entitled "Security and Safety in Educational Institutions" presented by Suhaib Suwaid - Advisor to the Zayed Voluntary Team for Search and Rescue.

The workshop introduced the concept of security and safety, its types, the most important basics that should be taken into account when building educational facilities, and the importance of emergency evacuation training for academic and administrative staff and students in general.
