About the college

The communications sector becomes one of the fastest developing sectors in our world. Through our teaching staff, research and industry partnerships, technical facilities, we enable our students to learn and develop the critical thinking, creative vision, professional practices, and technical excellence needed to be successful professionals in the field.

The College of Communication and Media was launched at the beginning of the second semester of the academic year 2014-2015. It has been developed for those who want to extend, improve, deepen and update their knowledge and understand recent developments in media and communications academically and practically. Our courses are mixed of academic and industry focused and student the will be taught by an inspiring community of experienced academics, technical experts, and leading specialist practitioners within our Design programs.
